What is Agni

The root of the word Agni lies in Sanskrit, and means '**The one who shows the way**' ["Agranir bavathi ithi Agni_ "-Niruktha].Our objective is to show the way forward for students who are confused about their future career paths. We offer not just excellent classes but a **Second Home**, where students re-invent themselves and get moulded into their best version.

Civil services including IAS is a career path that lets you take part in nation-building and sculpt the future India. Civil services is a career that gives you purpose like none other. But very few of our talented youth venture into civil services mostly due to lack of awareness and shortage of dedicated learning centres. We at Agni are immersed in solving all such issues. We aspire to inspire students to choose a life in service of the nation being a civil servant and provide an environment that can prepare them to achieve the goal.
